**Membership > Managing Counterparties > Master Personal Counterparty Lists**

This page allows you to create, name, edit and delete Personal Counterparty Lists (sub-lists of your firm's Master Authorized Counterparty List) for convenient use in creating new physical Buy and Sell Quotes and submitting informational Postings. For example, you may choose to create separate lists for buyers and sellers and for types of product, counterparty credit limits, volumes traded or geographical regions. Your Personal Counterparty Lists will appear on your screen just before final submission of a physical Quote to our system and can be edited at the last moment before submitting a particular Quote.

Your Personal Lists are based on your firm's Master Authorized Counterparty List. If you need a firm added to your Master List, please contact an authorized administrator at your firm. InterCommercial cannot make changes to your firm's list.

If you have not yet created any Personal Counterparty Lists, you will see only "Create" and "Remove" buttons below:
